

PUZIO EYE CARE ASSOCIATES CONTACT LENS PROGRAM

All patients wearing contact lenses require an evaluation every year so the Doctor can be sure the surface of your eye remains healthy and your vision remains as enhanced as possible during contact lens wear. The fee pertaining to the contact lens evaluation is rarely an insurance covered service. This fee varies in accordance with your contact lens type and case complexity and ranges from \$60 to \$160.

Contact Lens Evaluations Include:

- Up to three visits with the Doctor, over a three month period of time
- Custom fitting of contact lenses
- Training on how to insert, remove and care for your lenses
- Trial contact lenses
- Contact lens case and solution
- A contact lens prescription that is valid for 12 months from date of service

Puzio Eye Care Contact Lens Program Benefits Include:

- Internet equivalent pricing with direct shipping
- 15% discount on sunglasses and prescription eyewear
- Rebates that save you up to \$100 on a year's supply of lenses with free direct shipping
- Replacement of soft lenses, at no additional charge, if you lose or tear a lens

Our goal is to ensure you are able to successfully wear contact lenses through your lifetime. Please ask your Doctor or the Puzio Eye Care staff if you have any questions about the Contact Lens Program.

All contact lens purchases require payment in full prior to ordering. Unopened and undamaged boxes of contacts may be returned or exchanged within 90 days of purchase, there will be no refunds made.
