

PUZIO EYE CARE ASSOCIATES CONTACT LENS PROGRAM

All patients wearing contact lenses require an evaluation every year so the Doctor can be sure the surface of your eye remains healthy and your vision remains as enhanced as possible during contact lens wear. The fee pertaining to the contact lens evaluation is rarely an insurance covered service. This fee varies in accordance with your contact lens type and case complexity and ranges from \$65 to \$170.

Contact Lens Program Benefits Include:

- Internet equivalent pricing for soft lenses with FREE convenient direct shipping
- 15% discount on sunglasses and prescription eyewear.
- If you are purchasing a year's supply of contacts, you will receive 30% off prescription eyewear and a free pair of sunglasses. Certain sunglasses are included – please ask an optician for more information.
- Rebates that can save you up to \$200 on a year's supply of lenses.
- Replacement of soft lenses, at no additional charge, if you lose or tear a lens.
- Unopened and undamaged boxes of soft contacts may be exchanged within one year of purchase in the event that your prescription changes or you have any issues with your contacts.

Contact Lens Evaluations Include:

- Up to three visits with the Doctor, over a three month period of time
- Custom fitting of contact lenses
- One on one training on how to insert, remove and care for your lenses
- Trial contact lenses
- Contact lens case and solution
- A contact lens prescription that is valid for 12 months from date of service

Our goal is to ensure you are able to successfully wear contact lenses through your lifetime. The Doctors and staff at Puzio Eyecare will be more than happy to answer any questions you may have about our Contact Lens Program.

All contact lens purchases require payment in full prior to ordering.
